482-S2598 LACQUER CLEAR COAT SPRAYPAK

Product Name:

482-S2598 Dulux[®] Autosolv[®] Lacquer Clear coat Spraypak

Product Description:

Dulux[®] Autosolv[®] Lacquer Clear coat Spraypak is a premium quality acrylic clear coat. It produces a high gloss flexible film with excellent durability and adhesion. Dulux[®] Autosolv[®] Lacquer Clear coat Spraypak should be applied over Dulux[®] Autosolv[®] Lacquer colour, 428 line or Dulux[®] AutoSpeed[®] PT basecoat, 440 line.

Refer to Technical Data sheet for Dulux[®] Autospeed[®] PT Tinters, 440 Line and Dulux[®] Autosolv[®] Lacquer tinters, 482 line.

Application guide:

Before spraying: Shake can for at least 2 minutes or until the mixing ball rattles inside the can. For best results, avoid spraying in low temperatures (less than 15°C) or high humidity.

During spraying: Hold the can upright 20-25 cm from the surface. To ensure compatibility, test spray on an inconspicuous area. Use smooth, even strokes parallel to the surface. Apply several light mist coats rather than 1 heavy coat to avoid runs and sags.

After spraying: Prevent blocking by turning can upside down and spraying until clear gas emerges. Wipe the nozzle clean. Clean up overspray while still wet with Dulux[®] General purpose thinner.

	Application	Apply 2-3 even coats
	Air Flash	5 minutes air flash between coats
	Touch dry	10 minutes
	Recoat	After 1 hour
	Drying	60 mins @ 25°C
